Plaintiff,
JULIANA LU

UNITED STATES DISTRICT COURT

CENTRAL DISTRICT OF NEVADA

JULIANA LU,

Plaintiff,

vs.

JAPAN.

Defendants.

Case No.: 18 CV 1334

RE Court's Request for HAGUE SERVICE CONVENTION

RE Court's Request for HAGUE SERVICE CONVENTION

1. During Case No.: 2:18-CV-01334-APG-PAL, Plaintiff had already pointed out to the Court a few times that DEFEDANT had a **SPECIAL DEFENDANT GOVERNMENTAL BANK**, named THE HYPOTHEC BANK OF JAPAN, appointed by **DEFENDANT CONGRESS**.
2. **Plaintiff is now trying her best to serve Defendant through the Hague Service Convention** method, Plaintiff believes that Defendant is not going to show up to explain to the U.S. Federal Court how they merged their **SPECIAL DEFENDANT GOVERNMENTAL BANK** indirectly into **Mizuho Bank** to launder money from Plaintiff's family assets in Taiwan to Japan, then place it within two minutes of walking distance to THE WHITE HOUSE. Mizuho Bank is one of the world's top ten capitals dealing with major U.S. banks and U.S. businesses in the world.
3. Many local and U.S. news reporters, including New York Times, have contacted Plaintiff for an interview regarding Plaintiff's 100% successful treatment rate on COVID-19 patients within 1 to 2+ days of recovery. One of the World Journal news reported a patient of Plaintiff (a front-line medical doctor) in New York

1 who returned back to her front-line of work after being cured from COVID-19.
 2 This patient of Plaintiff recovered in 1 day after using Plaintiff's All-Natural
 3 Herbal Formula. Plaintiff's other COVID-19 patients were quickly recovered in 1
 4 or 2+ days as well. As of today, Plaintiff has a 100% success rate in treating
 Plaintiff's COVID-19 patients.

- 5 4. Our U.S. Secretary of State, Michael Pompeo, thought the greatest achievement
 6 was made in Taiwan and recommended Republic of China into the WHA, but our
 7 country actually has the best and fastest treatment way because Plaintiff is a U.S.
 8 citizen / Herbal Specialist / Acupuncturist. Republic of China's average rate
 9 of recovery on COVID-19 was only in 7-8 days with several deaths.
- 10 5. The United States has an average daily death rate of thousands of people since
 11 April of this year. Plaintiff is unable to proceed with her formula on a larger scale
 12 because of Defendant. Without Defendant returning Plaintiff's money and assets,
 13 millions of people in the U.S. are going to suffer from COVID-19. In other
 14 words, many of these people died and will die because of DEFENDANT JAPAN.
- 15 6. Plaintiff actually have the world's fastest treatment method (1 - 2 days to recover
 16 from COVID - 19) with the best treatment success rate at 100%. Plaintiff also
 17 sent many letters to President Trump at the White House and Governors of New
 18 York and California hoping to rescue more people from COVID-19. The
 19 SOURCE OF INFECTION for COVID-19 in the future will come from the one
 20 million+ infected COVID-19 patients in the United States. If our country can't
 21 cure these patients using the quickest and shortest methods, millions of U.S.
 22 people may continue to be infected or die. Our younger generation in the United
 23 States may be full of "Broken/Damaged Lung) in the future.

18 DATED: May 13, 2020

19 IT IS ORDERED that ECF No. 33 is
 20 DENIED. The Court previously
 21 dismissed this case without prejudice
 22 and directed the Plaintiff that if she
 23 wished to continue pursuing her
 24 claims, she could file a new case
 25 under a new case number. See ECF
 26 No. 31. This case is closed.

Respectfully submitted,

By: 

JULIANA LU
 Plaintiff

24 IT IS SO ORDERED

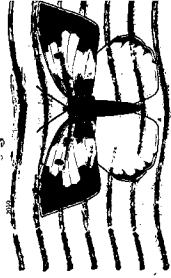

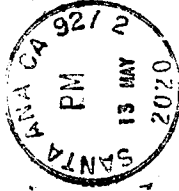

25 DATED: June 02, 2020
